Serving Opportunities

- ***Serve as a Champion.*** Champions are mentors who provide friendship and support for a student. Champions attend each class with their student, giving them encouragement and guidance throughout their journey to meaningful employment.
- ***Be a Meal Sponsor.*** Each night of class begins with a fellowship meal for students, champions, and instructors. Individuals, businesses, or groups can sponsor a meal either by providing food for the evening or by providing \$100 for the purchase of the meal.
- ***Serve as an Instructor.*** Facilitate discussion and lead in the presentation of a Biblically based curriculum designed to equip students with the soft skills, character, and foundational tools needed to be successful in work and in life.
- ***Be a Member of the Support Team.*** Volunteers are needed to coordinate meals, provide connection to their businesses, organize information, and plan events.
